File No. 134 of 1903-4

Serial Nos. 4, 9, 12

GENERAL AND REVENUE SECRETARIAT.

Serial Nos. 4, 9 & 12.

Part B. for

SUBJECT.

Additions to the gas lights at the Victoria Hospital at Bangalore.

Table of Contents.

Sl. no. 4. No. G. 326 of 1.12.03. From the ~~Chief Engr~~ Senior Surgeon & San. Comr.

Recommends that the proposed gas extension in the Victoria Hospital may be ordered to be laid down simultaneously with the erection of the gasogene shelter.

Sl. no. 9. No. G. 402 of 29.1.04, From the Sr. Surgeon and Sanitary Comr.

Forwards copies of the correspondence from the Surgeon in charge of the Victoria Hospital, Bangalore and requests Sanction to the Extra gas Installation asked for therein.

G. R. S. 58

Sl. 12 No. G. 4048 of 12.2.04, To the Senior Surgeon.

Declining to sanction the additional grant asked for.

Letter No 3268 1-12-03 from the Offg Senior Surgeon soliciting sanction to the extension of gas lights to Nurses' Quarters & other additional buildings in the Victoria Hospl, is also submitted for orders. The Offg Senior Surgeon states that Messrs Mansfield & Sons will be coming to Bangalore to erect the Gasogene & holder recently sanctioned by Govt in their order of the 11-11-03, and that it would be much cheaper to get-

Papers Returned
H.E.G.

set the extension of gas fittings made by them at the same time and recommends sanction thereto in the interest of the Revenue as well as in that of the Hospital.

In the month of October, 1902, the Chief Engr had submitted an estimate for Rs: 1765/- for extension of gas lights, but Govt did not sanction it.

Papers with flags E & G.

In Connection with the Revd Budget for 03-04, the Senior Surgeon had also subd an estimate for Rs 3,300/- recd from the Executive Engr. for gas pipe Connection. No provision was then made for this item in the Budget. (Please see paras 7, 8, 2nd portion of para 11 & 20 of this note).

Draft submd as above

M 3/2/04:

Orders to verify urgency as to the urgency or otherwise of this application. The present reference relates to item (a) in the Statement attached

has pressed the Hospital this morning-4

The account received for Rs 3300-
This is identical with the item of Rs: 3000 or 4000 referred to in the Dewan's Note (para 3½ above) It is to say, the urgent thing item (b) & (c) in the amounting which a sanction for Rs 3000 is now recommended (para 4

These two items of work are in progress and are drawing Commissariat - The third item (Queen's Cattle Shed) is partly required for the use of the Hospital Patients. The rest of it is intended for the use of the residential quarters of Vaccine Hospital Officials such as Asst Surgeon, Hospital Apprentices, Nurses etc. In the absence of the necessary connections it cannot be utilized in this way. The laying down of these connections seems to require special skill - Col Smyth in answer that Mansfield's men who are now putting in the pipes and the tank & tower also undertake & complete the connections before they relieve Madras - This is an item of expenditure which has of course been incurred no matter a Cattle Shed or in the beginning of the next official year - To lay the pipes & establish the connections abovementioned would be less costly & more satisfactory

Col Smyth evidently hesitated to ask for it at the same time as he asked for (b) & (c) for fear of his not getting either. This (a) is a small item and I would request the Director of Works to make it the subject of a further supplemental grant. Nothing is gained by leaving the work he is doing until the new year Budget is sanctioned.

Urgent

From,

Lt. Col. John Smyth M.D.,I.M.S.

Offg.Senior Surgeon and Sanitary Commissioner,

with the Govt. of H.H. the Maharaja of Mysore

Bangalore.

To,

H. V. Nanjundayya Esqr, M.A.,M.L.

Secretary to the Govt. of H.H. the Maharaja of

Mysore, Genl. and Rev. Departments, Bangalore.

Dated 1st November 1903.

No. G 326.

Sir,

I have the honor to state that, with this office No. G.466 of 11th June 1903 I forwarded a memorandum from the Executive Engineer Bangalore Division showing the cost of various requirements of the Victoria Hospital for favor of disposal by Government.

2. No orders being passed by Government, and as I was under the impression, that just then there was a difficulty of finding the necessary funds I again addressed you in this office No.73 of 9th August 1903 in which I requested that Government might at least sanction the erection of a new Gasogene and holder (item 2 in the memorandum). This, Government has now been pleased to do.

3. But I am now informed that it would be much cheaper to make the extension of Gas fittings, which constitutes the

1st

1st item in the Executive Engineer's memo referred to above, at the same time that the Gasogene and holder are being erected, as Messrs Mansfield & Sons would thus be able to carry it out, while their men are on the spot instead of having to bring them back all the way from Madras should Government sanction ~~[illegible]~~ to the execution of this work (deferred) to some future period.

4. In the interest of the Revenues therefrom, as well as in that of the Hospital I beg to recommend that Government be pleased to order the Gas extension to be laid down simultaneously with the erection of the Gasogene and holder.

I have the honor to be,

Sir,

your most obedient servant,

M.D.

Lt.Col.I.M.S.
